

Vedic Astrology - Revealing Your Spiritual Potential

Come and learn the value of understanding the planets and how their energies operate within your life daily. This presentation is by Rose Reveley, Certified Vedic Astrologer.

What is Vedic Astrology? - Vedic Astrology is also known as "Jyotish" which means the "science of life". It is an ancient oral tradition that comes from India. Vedic science is the science of self-knowing. The ancients understood astrological influences and our soul connection to the heavens. Astrology can give us great understanding in all areas of life. Included in this presentation is a discussion on the Saturn/Rahu conjunction that will be occurring Sept. 25, 2013. This conjunction will impact our world as well as each person's personal chart.

Passionate about helping others find their "life purpose", using astrology, her healing practice includes teaching others to heal using various mind-body techniques. Rose is also a Consulting Hypnotist, Ayurveda Health Coach and Registered Yoga Teacher.
